SCRIPTING IN PYTHON - PART 04 - GUIDE

1. WHAT TO DO?

In this unit, we are going to show you use While and For loops in Python.

You should read “**A bite of Python – Part 3**” in order to see examples related to those loops.

2. I HAVE FINISHED READING “A BYTE OF PYTHON – PART 3”. WHAT SHOULD I DO NEXT?

We have provided several non-assessable activities. They are available in “**Scripting in Python - Part 04 - Activities 01**” file. You should try to solve them and ask doubts in forums.

3. INFORMATION

You can find more information and example in these links:
