- **Mistakes:** number of grammatical, lexical and syntactical mistakes.
- **Vocabulary:** use of specific vocabulary.
- **Expressions:** use of typical English expressions appropriate to the content.

**Also, for this task, fluency and pronunciation will be graded.**

### 3. DESCRIPTION OF THE TASK

The target of this task is to explain, what is a Docker container, how to create a Docker container from an existent image (in example, Ubuntu) and how to stop it and how to restart it.

For that, you are going to do a video tutorial of 4-5 minutes talking about how to do it.

You have to start the video with this sentence:

***"Hello, my name is [name] [surname], and I'm going to explain basic operations in a Docker Container."*** You can read this page to learn how to do a good video tutorial:
